

Emily Hall
CELEBRANT

Congratulations you're engaged,

Planning a wedding is incredibly exciting, but can also be a bit daunting. As your Celebrant I guide you through the legal process of getting married and will work with you both to create a wedding ceremony that is truly unique and yours!

I also have a list of suppliers that I recommend, so if you need assistance with ideas, please ask.

There is not a one size fits all approach to creating a wedding ceremony. To ensure couples receive the type of ceremony they would like, I offer 3 levels of ceremony. The difference between them is the level of detail and personalisation of the ceremony.

The most exciting part about creating a wedding ceremony is that once the few small legal components of the ceremony are addressed, the rest of the ceremony is a blank canvas for us to paint together. The ceremony can be as simple or elaborate as you wish.

If you are not sure what sort of ceremony you would like – don't worry. The creation of the ceremony is a fluid process and as we get to know each other and discuss and develop ideas the ceremony will evolve to be perfect and just for you.

For all ceremonies, I guarantee that I will arrive early and take time to deliver a heartfelt and professional ceremony. My 'Focus on You' policy, means I only perform one wedding ceremony per day, so you can be assured I am totally focused on your special day.

What's the next step? Let's meet over a coffee or wine so you can meet me and decide if you like my style.

I look forward to meeting you and
creating a wedding ceremony that is uniquely yours!

Love and Best Wishes,

Emily Hall
